Notice of Financial Interests & Financial Responsibility

Denny Eye and Laser Center is committed to providing you the best medical care. We also want you to receive your maximum allowable insurance benefits. To meet both goals, we need your partnership and clear understanding of the following:

LATE ARRIVALS / MISSED APPOINTMENTS

- **48 HOUR CANCELLATION NOTICE.** We set aside physician time to see each patient. We ask that you notify or office within 48 hours if you need to cancel or reschedule, if not, it will be subject to a **$75 fee.**
- If you are more than 15 minutes late to your appointment time, we will try our best to fit your visit into the clinic schedule; however, there may be extra waiting time as we will try our best to accommodate any tardiness. We cannot guarantee that we will have sufficient time to complete your examination if you are late, we would be glad to reschedule your visit if you prefer.

INSURANCE

- **REFRACTION** is one of the most important parts of your eye exam. This is how we determine whether or not your vision can be improved with glasses. Medicare and most medical insurance plans consider refraction a "vision" service and not a "medical" service. **Our fee for refraction is $100**, at it is our office policy to collect this fee on the date of service in addition to any copayments your plan may require. Please let our office know if you have a vision coverage plan, if so, the refraction fee is included in your vision plan.
- Your insurance coverage of benefits and network eligibility is a contract between you and your insurer. We are not a party to that contract. Not all services are covered by all insurance plans. Covered benefits is not to be confused with the doctor's determination of which services are medically necessary or appropriate, so the doctor may need to perform non-covered services in order to care for you.
- It is your patient responsibility to call and verify network eligibility well in advance of your appointment. This can be done by calling your insurance and provide them Denny Eye and Laser Center's TAX ID: 943017042. Specifically ask if you have "routine eye examination" and "refraction/vision optometry" services as part of your covered benefits and if any exclusions apply. It is your best interest to know and understand your benefits, copays and deductibles before seeking services.
- Refraction is not a covered service under Medicare and most commercial insurances, this fee is $100. Please notify our office if you have vision insurance (VSP, EyeMed, MES). Refraction is one of the most important parts of your eye examination – this is how we determine whether or not your vision can be improved with eyeglasses. Although it can be essential information, most medical insurance plans consider refractions as a "vision" service and not a medical.

COPAYMENTS

- Our doctors have a medical care relationship with you, separate from any contractual agreements with insurance companies. Because you are the recipient of services, all charges are your responsibility as of the date the service was provided. If you have insurance coverage, we are required to collect your co-payment on the date of service. *If you would like to us to bill you for this co-payment, there will be an administrative charge of $10*. We will bill your insurance for services only if you have supplied us with current, complete and verifiable information prior to your exam. It is important to bring your current insurance card to every appointment and you must notify our office if there are any changes or if you have been issued a new insurance card.

FORMS / COURTESY SERVICE FEES

$35 – Letters and forms for employers, airlines, athletic clubs and missed school.
$35 – DMV form completion
$80 – DMV form completion with visual field testing
$30 – Copies of records to you or another provider (unless we are referring you), or for disability or other legal claims.
